<i>cat. no.</i>	<i>amount</i>	<i>note</i>
STS-PPS 5	5mg	powder
STS-PPS 25	25mg	powder

CAS No. 26305-03-3

Purity >98%

An inhibitor of acid proteases. Forms a 1:1 complex with proteases such as pepsin, renin and cathepsin D. Highly selective and does not inhibit thiol proteases, neutral proteases, or serine proteases.

Formulation

$C_{34}H_{63}N_5O_9$

Molecular weight

685,9

Solubility

Soluble in DMSO.

Storage

Store dry at 0-5°C

Store @ -20°C.
